FALL FESTIVAL FUN

Fall Festival Fun was enjoyed by Students, Staff, Volunteers and Parents on a fantastic September day. Students enjoyed playing Bocce Ball, playing in the bounce houses, sliding down the slide, face painting, arts and crafts, dressing in costumes and having their pictures taken. After all the fun everyone was treated to a bagged lunch of hot dogs, chips, cookies and juice. All this fun would not be possible if not for all the hard work by the staff such as Gary Lewis for doing all the hot dog grilling, Rebecca Tinger for her endless Sam Club runs, Bill Funkhouser and Patty Maximo for coordinating Bocce Ball games, Erica Krambeck and Mike Voshell for setting up stations, Polytech High School Students and KCCS Staff helping where needed, and Aardvark Rental for providing bounce house fun.

WAY TO GO KCCS!!

FANTASTIC FABULOUS FATHER'S

In recognition of our Fantastic Fabulous Father's KCCS held a breakfast celebration in honor of the Million Father's March held in September. Our father's enjoyed a wonderful breakfast of bagels, fruit, coffee, tea, and juice. After the breakfast our Father's participated in the many activities set up in the classrooms. The student's enjoyed having their father's spend the morning with them and our Father's had a great time. **HIGH FIVE TO OUR FATHERS!!**

OCTOBER STUDENT'S OF THE MONTH

SAMUEL CASS - Mrs. Michelle Barry - Pre-K at Main Site

◆ Samuel comes to school each day with a smile on his face ready to learn. He uses his listening ears during learning time. He is kind to his friends and teachers.

XAVIER LAWRENCE - Ms. Horner - 3rd grade at Main Site

◆ Xavier has continued to progress in terms of his academics and behavior. Xavier is becoming more fluent in solving addition and subtraction problems. Xavier is also able to read many sight words fluently! Xavier has increased his on task behavior and refrains from engaging in unsafe behaviors. :)

EVERETT NUNES - Mrs. Dee Dixon - Pre-K at Main Site

◆ Our 1st student of the month is Everett Nunes-Patterson. Everett is one our Community Students. Everett enjoys building, puzzles, gym, going outside and working on the Smart Board. He is willing to try most anything that we ask of him. Everett enjoys going in the pool but is still getting up his confidence to move to the deep end. Although he is a little hesitant about moving around the pool he never whines or fusses. He has a very positive outlook for most things. Everett is great at listening and following directions. He plays well with his classmates and participates willingly in circle time, gym and music. He is also great at picking up the toys when it is time to clean up the room. Everett is a great role model for our class and we are very lucky to have him in our class!

STEVEN SAGE - Mrs. Crystal Bloodsworth - 4th grade at BTW

◆ Mrs. Bloodsworth's student of the month for October is Steven Sage! Steven has been an exemplary student in our class thus far, and as one of the oldest students in our little grade band, has truly been a role model for our younger friends. He is always happy to help with laundry, watering plants, cleaning up the room, or any new task that might be asked of him. Steven always completes his work, and is kind to all of his classmates. He says good morning or hello to everyone in class almost every morning. We look forward to what this year will bring for Steven, and the many ways in which he will help grow our classroom.

LANDYN WELLS - Mrs. Chelsey Cabbage - Pre-K at Main Site

◆ We are pleased to announce that Landyn Wells is this month's Student of the Month in Mrs. Chelsey's class!! Landyn has made great strides all with a smile. Landyn loves exploring new toys, getting energy out on the playground, working on puzzles, requesting for adults to label things (especially the pretend food), and so much more. A few of the things we are proud of...Landyn is using a variety of icons to requests. Landyn does a great job following the routine with the assistance of his visual schedule. Landyn is playing more appropriately and there has been a decrease in throwing behavior. Landyn enjoys interacting with his peers. Landyn is a rock star at identifying body parts (part of our current theme in "All About Me").

AMAZING APPLE VOLCANOS

Ms. Flournoy's class has been learning about apples. During Science class the students had a blast creating volcanos inside their apples using vinegar and baking soda. Each student was able to help pour the vinegar in the apples and became instantly memorized by the results! A few of the students tried to taste the vinegar and sample the extra apples. Not very tasty!! Left to Right: Delanie and Ms. Barbara; Jeremy and Ms. Kim; Nathan and Mr. Nik; Jeremy and Mr. Nik; Lyneah and Ms. Missy; and Kenneth.
